THE PATROLMAN MARKET.

NEW YORK FROM THE FIELD AND RANGE OF PRICES.—The February report of development work in the petroleum country shows a decrease of six in the number of wells finished, compared with January, but there is an increase of 187 barrels in the daily average new production.

GRAIN AND PRODUCE MARKETS.—The grain markets are still well-logged. No new feature was developed yesterday, and buyers and sellers are only traders who try to catch varying fractions.

THE TRADE IN CHICAGO.—Chicago, March 1 (Special).—Wheat was steady to-day by the publication of the stocks at Liverpool, showing a decrease for the month in view of 202,000 bushels and an increase for the month of over 10,000 bushels.

PRINTING CLOTH MARKET.—The printing cloth market is quiet and steady. Questions are asked and answered at 1 1/2-1 3/4 for spot goods, and at 1 1/4-1 1/2 for goods on order.
